	4.50	5.50	6.50	7.50
Photographs				
High quality digital prints. Please identify carefully. Photographic prints can be made available for many instruments that have been in the collection for some time: please write for prices of new prints. For more recently acquired instruments, with catalogue numbers beginning 44--, only digital prints are available. Photographs can be provided on CDs. The number of photographs per disc will depend on size of files. We have detailed photos of some instruments' decorations, which can be supplied at the price quoted above. Not all are professionally taken – please write for details.				
Photo CDs, and photos of instruments for which we do not sell technical drawings, cannot normally be supplied at the hall.
